Post Concussion Education Class

Have You Suffered a Concussion and Experienced Any of the Following Symptoms?

Headache | Dizziness | Sleep Disturbance
Mood Changes | Trouble with Memory & Concentration

These Can Be Signs of POST CONCUSSION SYNDROME.

We'll help you navigate the healing process from concussion through educational information offered in a supportive group.

Led by Dr. Jim Wilson, PhD
Licensed neuropsychologist
specializing in concussion and
brain injury for almost 30 years.
