**SCHURIG  
CENTER**  
For Brain Injury Recovery

It's not enough to save a life.  
We believe everyone deserves to have a life.

Your gift of an auction item provides a lifeline of hope and healing for Bay Area survivors and families!

Brain injuries, like a concussion or stroke, can happen to anyone, at any time, and they can dramatically change a life.

*Recovery after a brain injury isn't just about getting your skills back, it's about getting your life back.*

With your help, hundreds of survivors and families will be able to achieve their best quality of life through the restorative community and programs at Schurig Center for Brain Injury Recovery.

**Support our work, support your Bay Area neighbors.**

Schurig Center for Brain Injury Recovery is the only nonprofit in Marin and Sonoma Counties offering an array of innovative, high-quality services to help make the recovery process after a brain injury, concussion or stroke more holistic and hopeful for survivors and their families. We do not receive health insurance fees or state and federal funds. ***Our programs are powered by caring people, like YOU!***

**We hope you'll donate an item for the Silent or Live Auction at the 2019 Brain, Art & Music Gala.** Your gift helps raise scholarship funds that enable Schurig Center to offer services on a sliding-scale or free of charge to 70% of our clients who live on a low income. Thanks to you, 250 people this year will have access to the services they need to improve abilities, discover new areas of possibility, and re-engage in life with new meaning regardless of their financial resources.

**Your auction item donation has the power to...**

- Provide an important bridge between medical intervention and independence.
- Shine a ray of hope for survivors and families in crisis.
- Change the future of brain injury recovery.

### **Auction Donor Benefits**

Auction donors receive recognition on the event website and in 250 printed programs. Live Auction Donors will receive additional recognition in social media and an email blast. We are happy to partner with you to customize our benefits to meet your interests. For inclusion in the printed program, please respond by February 15, 2019.

**Brain injury is a pause button. Your support helps survivors hit play again. THANK YOU!**
